

## PRESS RELEASE

### **Hepworth Bird Acoustics takes off**

1 January 2008: At the start of this year, Home Counties acoustics consultancy Bird Acoustics joined forces with established acoustics consultancy Hepworth Acoustics to become Hepworth Bird Acoustics.

The two companies had a lot in common in terms of the services they offered and the high quality of work performed. Now, with the amalgamation, Hepworth Bird Acoustics is added to the geographical coverage of the existing Hepworth Acoustics offices stretching from Ashford in the South up to Tyne and Wear in the North, from Bristol in the West through to Castle Donington in the East Midlands.

Says Peter Bird, "We are really excited and enthusiastic about this new venture. We see it as a way forward, not just for ourselves, but for our present customers, offering them an even wider range of services than they have had available up until now."

Comments Hepworth Acoustics MD Peter Hepworth, "I have known Peter and Sue Bird for a number of years and I am very pleased that they have chosen to join Hepworth Acoustics. I am looking forward to working with them and the contribution that they will make to the growth of the company."

**ENDS**

**Hepworth Acoustics** is one of the largest independent acoustics consultancies in the United Kingdom. The head office is in Warrington and the company operates from seven regional offices. The company specialises in environmental and building acoustics as well as noise mapping. More information on noise maps and all aspects of acoustics consultancy are available at [www.hepworth-acoustics.co.uk](http://www.hepworth-acoustics.co.uk) .
